Course description: Advanced Placement United States History (APUSH) is a college-level course, with high school-level support. In this class you will be given a study guide for each unit. The APUSH curriculum consists of 9 individual time periods. At the beginning of the year, we are combining time periods 1 & 2 into one unit with a unit test.

The nature of the summer assignment: The goal is NOT “busy work” but for you to learn the content and skills necessary for success in a college-level course. The purpose of this summer homework assignment is to begin to prepare you for the Unit 1 exam. You are responsible for knowing the material on the study guide for time periods 1 & 2 by the 3rd week of the school year. You are expected to watch the “Educreations” videos that I have created and take notes on several. The notes need to demonstrate that you have watched the videos and interacted with the material, writing down what you think is significant. You are expected to write down more information than the terms that appear on the screen. You may use an outline format or Cornell note strategy. You are not guaranteed full credit simply for completion if your notes are difficult to read or incomplete. The notes must be handwritten. If a question is posed at the end of the lesson be sure to answer the question; in the past, several students have lost points for not fully engaging with the whole lesson. Please read this entire description of the summer homework before you start the assignment.

Summer homework activities:

1. Get Educreations app for your iPad. Use the code SEEKSTQ to access the class Educreations account.
2. Personalize a notebook (view Educreations video #1 for demonstration). Yes, you will be graded on the cover.
3. Watch ALL Educreations in the “class.” Some of these will require you to take notes, others will not.
4. Watch the videos in the following order. Take notes on the videos that are in bold. Make sure that notes are organized and will be helpful for you to review throughout the year. Although the amount of information to learn for this class can be a bit daunting, with organized notes that you can review, it will be much easier for you. Make sure to watch and take notes on the videos in your notebook and in order listed below and start the notes for each Educreation lesson on its own page.

   2. Pre-contact Native Americans

Recommended **options** for going “above and beyond” summer HW:

1. Read and/or be familiar with *American Pageant*, chapters 1-5
2. Read over Periods 1 and 2 in AMSCO APUSH prep book, sample the questions at the end of the chapters to get a feel for APUSH questions.
3. Quizlet (online resource). I have not created one but simply do a Google search for “APUSH periods 1 and 2” (example = [https://quizlet.com/48841190/flashcards](https://quizlet.com/48841190/flashcards))
4. Gilder-Lehrman website with its overview videos ([https://ap.gilderlehrman.org/period/1](https://ap.gilderlehrman.org/period/1) [for period 1] and [https://ap.gilderlehrman.org/period/2](https://ap.gilderlehrman.org/period/2) [for time period 2])
5. If you have extra time I would suggest watching movies that deal with US history. Some of these movies involve war and so may have violence. Language may also be an issue with some, so please get parental approval!!! Here is a list of excellent movies:

- Also you may want to watch documentaries in the “American Experience” series.
- Last option I will mention... If you love sports (like I do) you can watch episodes of “30 for 30,” the ESPN documentary series that deals with sports. Many of these are excellent history. These are sometimes on cable and I have rented the DVDs from the public library.
- The basic premise behind the recommendations is to immerse yourself into history, study topics you find interesting, etc. The more interested you are in the topic, the more you will learn!
What you will be handing in: I will check your spiral notebook in the second week of the fall semester. You are required to take notes that demonstrate that you have carefully listened to the Educreations presentations.

Notes for each individual Educreation presentation should start at the beginning of a page with the following heading:

<table>
<thead>
<tr>
<th>Your name</th>
<th>Date (you watched and took notes)</th>
</tr>
</thead>
<tbody>
<tr>
<td>APUSH summer homework</td>
<td>Educreation Title</td>

</table>

Study guide: You will have a test on the material from the study guide in the 3rd week of the school year. The test will consist of APUSH style multiple choice and short answer questions from time period 1 and 2. AP style questions can be found in the AMSCO review book. The study guide will not be handed in for credit but is an important learning tool to enable you to succeed on the unit test. I suggest you write out descriptions of the events, people, etc. for review for the unit test and later in the school year. You may want to use notecards, but that is up to you.
