
Ethics Bowl

Category

Academic & Civic Engagement

Warrior Time Meeting Day

Thursday

Room

C410

Club Description

Ethics Bowl gives students the opportunity to discuss real ethical questions and practice thoughtful, respectful argumentation. Members examine complex scenarios, consider multiple perspectives, and prepare to explain and defend their reasoning clearly. This club is a good fit for students who enjoy philosophy, debate, current issues, and careful discussion.

Mock Trial

Category

Academic & Civic Engagement

Warrior Time Meeting Day

Thursday

Room

G107

Club Description

Mock Trial gives students the opportunity to learn about the legal system by preparing and participating in courtroom-style simulations. Members may practice argumentation, witness examination, case analysis, public speaking, and teamwork. This club is a good fit for students interested in law, debate, acting, government, or competitive academic events.

Model UN

Category

Academic & Civic Engagement

Warrior Time Meeting Day

Monday

Room

E110

Club Description

Model UN introduces students to international relations, diplomacy, public speaking, and global problem-solving. Members represent countries, research current issues, debate policy questions, and practice collaboration through simulated United Nations activities. This club is a good fit for students interested in global affairs, leadership, government, or debate.

Valley Christian Quiz Bowl

Category

Academic & Civic Engagement

Warrior Time Meeting Day

Thursday

Room

G143

Club Description

Valley Christian Quiz Bowl gives students a chance to practice fast-paced academic competition across subjects such as history, literature, science, math, arts, and current events. Members build recall, teamwork, and buzzer skills through practice and preparation. This club is a good fit for students who enjoy trivia and academic challenge.

Book Club

Category

Arts & Humanities

Warrior Time Meeting Day

Monday

Room

E111

Club Description

Book Club gives students time to read, discuss, and reflect on shared books in a community setting. Members may explore characters, themes, writing style, and personal responses while practicing thoughtful conversation. This club is a good fit for students who enjoy reading and want to connect with others through literature.

Calligraphy Club

Category

Arts & Humanities

Warrior Time Meeting Day

Thursday

Room

E230

Club Description

Calligraphy Club gives students the opportunity to learn and practice decorative lettering while using art to encourage and communicate. Members may develop calligraphy skills, create cards or projects, and explore lettering as a form of creative expression. This club is a good fit for students interested in art, design, and careful craftsmanship.

Cultural Arts Club

Category

Arts & Humanities

Warrior Time Meeting Day

Thursday

Room

C415 - Art Studio

Club Description

Cultural Arts Club helps students explore, appreciate, and celebrate art forms from different cultures. Members may learn about traditional and contemporary cultural art, discuss the stories behind creative practices, and create projects that build awareness and appreciation. This club is a good fit for students interested in art, culture, and creative expression.

Doodle Club

Category

Arts & Humanities

Warrior Time Meeting Day

Thursday

Room

E108

Club Description

Doodle Club gives students a relaxed creative space to draw, sketch, and practice visual expression. Members may work on individual or group art activities, explore different drawing styles, and build community through creativity. This club is a good fit for students who enjoy casual art, illustration, and creative connection.

Fashion Club

Category

Arts & Humanities

Warrior Time Meeting Day

Thursday

Room

E208

Club Description

Fashion Club gives students a creative space to explore personal style, fashion design, trends, culture, and self-expression. Members may discuss fashion history, design ideas, styling, sustainability, and creative projects. This club is a good fit for students interested in clothing, design, aesthetics, and creative expression.

Graphic Design Club

Category

Arts & Humanities

Warrior Time Meeting Day

Thursday

Room

E101

Club Description

Graphic Design Club gives students a place to explore visual communication, digital design, and creative problem-solving. Members may work with layout, typography, branding, image editing, and design projects while learning how strong visuals can communicate ideas clearly and effectively. This club is a good fit for students interested in art, media, marketing, or digital creativity.

Journalism Club

Category

Arts & Humanities

Warrior Time Meeting Day

Monday

Room

F201 (left)

Club Description

Journalism Club gives students hands-on experience with reporting, writing, editing, interviewing, and storytelling. Members may explore different forms of journalism and learn how to communicate news, opinions, and school stories clearly and responsibly. This club is a good fit for students interested in writing, media, communication, or current events.

Love Through Music/Tri M Honor Society

Category

Arts & Humanities

Warrior Time Meeting Day

Monday

Room

C101

Club Description

Students in this club will grow as musicians through regular rehearsals, collaborative ensemble playing, and opportunities to expand their musical expression and knowledge. Members will work together to prepare music for semester performances and benefit concerts, with opportunities for both in-person and virtual presentations. This club is a good fit for students who enjoy making music with others.

Manga Research Club (Anime)

Category

Arts & Humanities

Warrior Time Meeting Day

Thursday

Room

E110

Club Description

Manga Research Club gives students a place to enjoy, discuss, and analyze Japanese media, including manga and anime. Members may explore storytelling, art style, themes, cultural context, and favorite series in a structured, school-appropriate setting. This club is a good fit for students who enjoy Japanese media and thoughtful discussion.

National Arts Society

Category

Arts & Humanities

Warrior Time Meeting Day

Monday

Room

C415 - Art Studio

Club Description

National Arts Society is for students who want to grow as artists while learning more about art, art history, creative practice, and community engagement. Members may create projects, discuss artistic movements, and use their creativity to contribute to the school community. This club is a good fit for students interested in visual arts and creative service.

National English Honors Society

Category

Arts & Humanities

Warrior Time Meeting Day

Monday

Room

E302

Club Description

National English Honor Society is for students who enjoy literature, language, reading, and writing. Members explore prose, poetry, and other forms of written expression while building community around a shared love of English. This club is a good fit for students who want to grow as readers, writers, and thoughtful communicators.

Piano Open Lab

Category

Arts & Humanities

Warrior Time Meeting Day

Mon & Thurs

Room

C310 - Piano Lab

Club Description

Piano Open Lab gives students access to time and space for piano practice, skill development, and musical growth. Students may use the lab to rehearse, work on assigned pieces, or continue developing technique independently. This offering is a good fit for students who need structured practice time in a music-focused environment.

Theatre Club

Category

Arts & Humanities

Warrior Time Meeting Day

Thursday

Room

E334 - HS Theatre

Club Description

Theatre Club helps students explore the many elements of theatre, including acting, performance, storytelling, and stagecraft. Members may participate in activities, discussions, and creative exercises that build confidence and appreciation for the performing arts. This club is a good fit for students who enjoy theatre or want to learn more.

Theatre Tech Open Work Time

Category

Arts & Humanities

Warrior Time Meeting Day

Monday

Room

E334 - HS Theatre

Club Description

Theatre Tech Open Work Time gives students dedicated time to work on technical theatre skills and production-related projects. Students may support areas such as lighting, sound, set work, props, organization, or backstage preparation. This offering is a good fit for students involved in theatre technology or interested in learning behind-the-scenes production skills.

Valley Voices

Category

Arts & Humanities

Warrior Time Meeting Day

Monday

Room

E231

Club Description

Valley Voices is a vocal music club for students who enjoy singing and making music with others. Members rehearse together, build ensemble skills, explore musical expression, and may prepare for school or community performance opportunities. This club is a good fit for students who want a collaborative, encouraging space to grow vocally.

Career Development Club

Category

Business & Entrepreneurship

Warrior Time Meeting Day

Monday

Room

G107

Club Description

Career Development Club gives students a place to explore future careers, workplace skills, professional interests, and practical next steps for life beyond high school. Members may discuss resumes, interviews, networking, career pathways, and personal strengths. This club is a good fit for students who want to prepare thoughtfully for college, work, and future opportunities.

Economics Club

Category

Business & Entrepreneurship

Warrior Time Meeting Day

Monday

Room

C410

Club Description

Economics Club gives students a place to explore how money, markets, businesses, governments, and everyday decisions shape the world around them. Students will discuss current economic issues, learn basic economic principles, analyze real-world examples, and consider how economics connects to business, politics, personal finance, global trade, and public policy. No prior economics experience is required.

Entrepreneur Club

Category

Business & Entrepreneurship

Warrior Time Meeting Day

Thursday

Room

G126 - Comp Sci Lab

Club Description

Entrepreneur Club gives students a place to explore business ideas, innovation, leadership, and the process of turning ideas into action. Members may discuss startups, marketing, product development, problem-solving, and real-world business examples. This club is a good fit for students interested in creativity, business, leadership, or launching something new.

Investment Club

Category

Business & Entrepreneurship

Warrior Time Meeting Day

Thursday

Room

E102

Club Description

Investment Club gives students a place to learn about financial markets, investing, and personal finance concepts. Members may discuss stocks, funds, risk, research, and current financial news while building responsible financial literacy. This club is a good fit for students interested in business, economics, finance, or long-term money decisions.

Assyrian Club

Category

Cultural

Warrior Time Meeting Day

Monday

Room

E102

Club Description

Assyrian Club gives students an opportunity to learn about and celebrate Assyrian culture, history, traditions, language, and community. Members may share cultural experiences, discuss heritage, and build connection with students from a variety of backgrounds. This club is open to anyone interested in learning more and participating respectfully.

Black Student Union (BSU)

Category

Cultural

Warrior Time Meeting Day

Thursday

Room

E303

Club Description

Black Student Union promotes community, representation, and positive engagement around Black culture, history, and student experience. Members may celebrate culture, discuss meaningful topics, and help create a welcoming campus environment. This club is open to students of all backgrounds who want to learn, support, and participate respectfully.

Chinese Student Union (CSU)

Category

Cultural

Warrior Time Meeting Day

Monday

Room

E221

Club Description

Chinese Student Union gives students a place to learn about Chinese culture, including food, clothing, holidays, language, pop culture, and traditions. Members may participate in activities, discussions, and celebrations that build cultural understanding. This club is open to students of all backgrounds who want to learn and connect.

Colorful SEKAI (World) Club

Category

Cultural

Warrior Time Meeting Day

Thursday

Room

E107

Club Description

Colorful SEKAI Club gives students a space to connect around shared interests in music, rhythm games, digital culture, and creative fandom. Members may discuss media, characters, music, and community activities in a positive, school-appropriate environment. This club is a good fit for students looking for connection through shared creative interests.

Diversity Matters

Category

Cultural

Warrior Time Meeting Day

Thursday

Room

C411

Club Description

Diversity Matters gives students a place to learn, discuss, and build understanding around race, culture, identity, and community. Members may explore current issues, personal experiences, and ways to create a more welcoming campus environment. This club is a good fit for students who value respectful dialogue, inclusion, and cultural awareness.

Filipino Club

Category

Cultural

Warrior Time Meeting Day

Thursday

Room

E111

Club Description

Filipino Club gives students a place to learn about and celebrate Filipino culture, traditions, history, food, language, and community. Members may participate in discussions, cultural activities, and opportunities to build connection on campus. This club is open to students of all backgrounds who want to learn and participate respectfully.

International Student Association

Category

Cultural

Warrior Time Meeting Day

Thursday

Room

G109

Club Description

International Student Association supports, represents, and connects international students while helping the broader campus learn from global perspectives. Members may build community, share cultural experiences, discuss student needs, and support cross-cultural understanding. This club is a good fit for international students and students interested in global community.

Japanese Student Union (JSU)

Category

Cultural

Warrior Time Meeting Day

Thursday

Room

E229

Club Description

Japanese Student Union gives students a place to learn about Japanese culture, including food, language, traditions, social norms, history, and daily life. Members may discuss cultural topics, share experiences, and build community through respectful learning. This club is open to students of all backgrounds.

Korean American Student Association

Category

Cultural

Warrior Time Meeting Day

Monday

Room

E422

Club Description

Korean American Student Association creates space for students to celebrate Korean culture, build community, and learn about Korean and Korean American experiences. Members may explore food, language, traditions, history, music, and current cultural topics. This club is open to students of all backgrounds who want to learn and connect.

Korean Pop Dance (K-Zone)

Category

Cultural

Warrior Time Meeting Day

Thursday

Room

B205

Club Description

Korean Pop Dance, also known as K-Zone, gives students a place to learn K-pop choreography, practice performance skills, and connect through music and dance. Members may learn routines, rehearse together, and prepare for possible school performance opportunities. This club is a good fit for students who enjoy dance, Korean pop culture, and group performance.

Latino Student Union (LSU)

Category

Cultural

Warrior Time Meeting Day

Monday

Room

E208

Club Description

Latino Student Union is a welcoming space for Latino students and anyone interested in learning more about Latino cultures. Members build community, celebrate cultural traditions, discuss meaningful topics, and create opportunities for connection and representation on campus. This club is a good fit for students who value culture, belonging, and community engagement.

Pacific Islander Club

Category

Cultural

Warrior Time Meeting Day

Monday

Room

Club Description

Pacific Islander Club gives students a place to learn about and celebrate Pacific Islander cultures, traditions, histories, food, music, and community. Members may share experiences, build cultural awareness, and create connection on campus. This club is open to students of all backgrounds who want to learn and participate respectfully.

South Asian Student Union (SASU)

Category

Cultural

Warrior Time Meeting Day

Monday

Room

E207

Club Description

South Asian Student Union gives students a place to learn about and celebrate South Asian cultures, traditions, histories, and communities. Members may explore food, music, holidays, language, and current topics while building connection on campus. This club is open to students of all backgrounds who want to learn and participate respectfully.

Taiwanese Culture Club

Category

Cultural

Warrior Time Meeting Day

Thursday

Room

E221

Club Description

Taiwanese Culture Club celebrates Taiwanese culture through traditions, food, language, holidays, performance, and community. Members may learn about Taiwan's history and modern culture while building connection on campus. This club is open to students of all backgrounds who want to learn and participate respectfully.

Vietnamese Student Union (VSU)

Category

Cultural

Warrior Time Meeting Day

Thursday

Room

G129

Club Description

Vietnamese Student Union gives students a place to learn about and celebrate Vietnamese culture through hands-on activities, food, traditions, language, history, and community. Members build connection while increasing cultural understanding on campus. This club is open to students of all backgrounds who want to learn and participate respectfully.

Blue Crew

Category

Leadership & Spirit

Warrior Time Meeting Day

Monday

Room

E216

Club Description

Blue Crew builds school spirit and supports a positive, unified campus culture. Members help energize student sections, promote events, encourage participation, and model enthusiasm at games, rallies, and school activities. This club is a good fit for students who enjoy leadership, spirit, and helping others feel connected.

Freshmen & Sophomore Council

Category

Leadership & Spirit

Warrior Time Meeting Day

Thursday

Room

E216

Club Description

Freshmen & Sophomore Council gives underclassmen a leadership space to represent their classes, plan activities, contribute ideas, and grow as student leaders. Members may support campus events, build school spirit, and develop leadership habits through service and collaboration. This council is a good fit for students who want to get involved early.

Project LEAD: Leadership, Enterprise, Application, Development

Category

Leadership & Spirit

Warrior Time Meeting Day

Monday

Room

E108

Club Description

Project LEAD gives students a space to grow in leadership, enterprise, application, and development through practical discussion and skill-building. Members may explore leadership habits, problem-solving, initiative, and real-world application. This club is a good fit for students who want to develop confidence, responsibility, and leadership capacity.

Competitive Chess Club

Category

Recreation

Warrior Time Meeting Day

Thursday

Room

F201 (left)

Club Description

Competitive Chess Club gives students a place to play chess, learn strategy, and improve through friendly competition. Members may study openings, tactics, endgames, and game analysis while building focus and critical thinking. This club is a good fit for both experienced players and students who want to grow in strategic games.

Game Theorists Club

Category

Recreation

Warrior Time Meeting Day

Monday

Room

E218

Club Description

Game Theorists Club gives students a place to explore strategy, logic, decision-making, and games that require thoughtful planning. Members may analyze game mechanics, practice strategic thinking, and compete or collaborate through different kinds of games. This club is a good fit for students who enjoy puzzles, strategy, and problem-solving.

Pickleball Club

Category

Recreation

Warrior Time Meeting Day

Monday

Room

Pickleball court overlooking the pool

Club Description

Pickleball Club gives students a fun, active way to learn and play one of the fastest-growing recreational sports. Students will develop basic skills, practice strategy, and participate in friendly games that emphasize sportsmanship, teamwork, and healthy competition. This club is a good fit for students of all experience levels who want to stay active, try something new, and enjoy a relaxed but competitive environment with classmates.

Table Tennis Club

Category

Recreation

Warrior Time Meeting Day

Monday

Room

Ping Pong Tables by Conservatory

Club Description

Table Tennis Club gives students the opportunity to play, practice, and improve their table tennis skills in a fun and welcoming environment. Students will learn basic techniques, develop strategy, and participate in friendly matches with classmates. This club is a good fit for students who enjoy quick-paced games, friendly competition, and building community through recreational play. All skill levels are welcome.

Volleyball Club

Category

Recreation

Warrior Time Meeting Day

Thursday

Room

Conservatory Lawn

Club Description

Volleyball Club gives students a chance to play volleyball in a fun, recreational setting while building teamwork, communication, and athletic skill. Students will participate in casual games, skill practice, and team-based activities that encourage sportsmanship and community. This club is a good fit for students who enjoy being active, working with others, and playing volleyball in a positive and inclusive environment.

women who lift

Category

Recreation

Warrior Time Meeting Day

Thursday

Room

HPC

Club Description

Women Who Lift provides a supportive space for female students to grow in strength, confidence, and fitness knowledge. Students will learn foundational weightlifting principles, safe training habits, and healthy approaches to strength development. The club emphasizes encouragement, consistency, and confidence in the weight room. This is a good fit for students who want to become stronger, learn proper lifting techniques, and build community with other girls pursuing fitness goals.

Intramural Sports

Category

Recreation

Warrior Time Meeting Day

Mon & Thurs

Room

Football Field

Club Description

Intramural Sports gives students an opportunity to be active, compete, and build community through recreational athletics during Warrior Time. Students may participate in organized games and team-based activities in a more casual setting than formal athletics. This offering is a good fit for students who enjoy movement, teamwork, and friendly competition.

Allies for Neurodiversity

Category

Service & Awareness

Warrior Time Meeting Day

Monday

Room

E127

Club Description

Allies for Neurodiversity promotes understanding, inclusion, and support for neurodiverse students and communities. Members may learn about neurodiversity, discuss ways to create welcoming spaces, and build awareness through service or advocacy. This club is a good fit for students who care about empathy, inclusion, and practical support.

Female Empowerment Movement

Category

Service & Awareness

Warrior Time Meeting Day

Thursday

Room

G110

Club Description

Female Empowerment Movement creates a space for students to encourage, support, and equip one another through discussion, leadership, and community-building. Members may explore topics related to confidence, advocacy, service, and personal growth. This club is a good fit for students who care about empowerment, belonging, and positive campus culture.

Friends of Children with Special Needs (FCSN)

Category

Service & Awareness

Warrior Time Meeting Day

Thursday

Room

G108

Club Description

FCSN Club gives students meaningful volunteer and leadership opportunities in support of children and families with special needs. Members may learn how to serve with empathy, build relationships, and support community events or programs. This club is a good fit for students who value inclusion, service, and practical compassion.

Health and Beauty

Category

Service & Awareness

Warrior Time Meeting Day

Monday

Room

G129

Club Description

Health and Beauty gives students a space to discuss wellness, self-care, personal presentation, and healthy habits in a positive and age-appropriate way. Members may explore topics such as routines, confidence, skincare, style, and overall well-being. This club is a good fit for students interested in practical wellness and personal care.

Key Club

Category

Service & Awareness

Warrior Time Meeting Day

Monday

Room

M105

Club Description

Key Club focuses on service, leadership, and community engagement. Members participate in service projects, fundraisers, and opportunities to meet practical needs on and off campus. This club is a good fit for students who want to serve others, develop leadership habits, and contribute meaningfully to the community.

Fellowship of Christian Athletes (FCA)

Category

Spiritual Formation

Warrior Time Meeting Day

Thursday

Room

Conservatory chapel

Club Description

Fellowship of Christian Athletes creates a space for students to connect faith, athletics, leadership, and encouragement. Members may participate in devotionals, discussion, prayer, and community-building activities centered on following Christ in sports and everyday life. This club is open to athletes and non-athletes who want to grow spiritually.

Institute of Biblical and Theological Scholarship

Category

Spiritual Formation

Warrior Time Meeting Day

Thursday

Room

M102

Club Description

Institute of Biblical and Theological Scholarship gives students a space to study Scripture, theology, and Christian thought with greater depth. Members may explore biblical interpretation, theological questions, church history, and faithful scholarship. This club is a good fit for students who want serious, thoughtful engagement with Christian belief.

Let's Talk

Category

Spiritual Formation

Warrior Time Meeting Day

Thursday

Room

M104

Club Description

Let's Talk is a discussion-based spiritual formation club where students can ask honest questions, explore meaningful topics, and grow through thoughtful conversation. Members are encouraged to listen well, speak respectfully, and consider how faith connects with real life. This club is a good fit for students who value reflection and dialogue.

Sisterhood Bible Study

Category

Spiritual Formation

Warrior Time Meeting Day

Thursday

Room

C307

Club Description

Sisterhood Bible Study provides a space for students to grow spiritually, build community, and discuss faith through Scripture-centered conversation. Members are encouraged to support one another, ask honest questions, and apply biblical truth to everyday life. This club is a good fit for students seeking encouragement, discipleship, and connection.

Theology, Apologetics, Philosophy, Spirituality (TAPS)

Category

Spiritual Formation

Warrior Time Meeting Day

Thursday

Room

M103

Club Description

TAPS gives students a space for thoughtful conversations about theology, apologetics, philosophy, spirituality, ethics, and faith. Members are encouraged to ask serious questions, listen well, and think deeply about belief and meaning. This club is a good fit for students who enjoy reflective discussion and Christian worldview exploration.

AI Club

Category

STEM

Warrior Time Meeting Day

Monday

Room

E303

Club Description

AI Club gives students a place to explore artificial intelligence, machine learning, emerging technology, and the ethical questions surrounding AI. Members may discuss current developments, experiment with tools, and consider how AI is changing school, work, creativity, and society. This club is a good fit for students interested in technology and innovation.

AstRo Club

Category

STEM

Warrior Time Meeting Day

Monday

Room

C411

Club Description

AstRo Club gives students a place to explore astronomy and space science through applied topics such as telescopes, astrophotography, coding, and current discoveries. Members may learn about observing the night sky, space technology, and scientific ideas connected to astronomy. This club is a good fit for students curious about space and science.

Chemistry Club

Category

STEM

Warrior Time Meeting Day

Thursday

Room

E218

Club Description

Chemistry Club gives students a place to explore chemistry beyond the regular classroom. Members may discuss chemical concepts, complete demonstrations or activities, prepare for competitions, and connect chemistry to real-world science and careers. This club is a good fit for students who enjoy lab science, problem-solving, and hands-on learning.

Circuitry Olympiad Club

Category

STEM

Warrior Time Meeting Day

Monday

Room

G137

Club Description

Circuitry Olympiad Club gives students a place to explore electronics, circuits, problem-solving, and technical design. Members may learn foundational concepts, work through challenges, and build confidence with hands-on electrical systems. This club is a good fit for students interested in engineering, robotics, physics, or applied technology.

Makers Club

Category

STEM

Warrior Time Meeting Day

Monday

Room

E107

Club Description

Makers Club gives students a hands-on space to design, build, experiment, and learn practical engineering skills. Members may work on creative projects, explore tools and materials, and practice problem-solving through making. This club is a good fit for students who enjoy building, inventing, tinkering, and learning by doing.

Marine Bio Club

Category

STEM

Warrior Time Meeting Day

Monday

Room

E104

Club Description

Marine Bio Club gives students a place to explore ocean life, marine ecosystems, conservation, and the science of aquatic environments. Members may discuss marine species, environmental issues, research, and ways humans affect the ocean. This club is a good fit for students interested in biology, animals, conservation, or environmental science.

Math Club

Category

STEM

Warrior Time Meeting Day

Mon & Thurs

Room

E202; E204

Club Description

Math Club gives students a place to explore math beyond the classroom through problem-solving, enrichment activities, puzzles, and academic challenge. Members may prepare for competitions, discuss interesting concepts, and strengthen mathematical thinking. This club is a good fit for students who enjoy logic, patterns, and challenging problems.

Physics Club 1

Category

STEM

Warrior Time Meeting Day

Monday

Room

E112

Club Description

Physics Club gives students opportunities to explore core physics concepts through discussion, problem-solving, demonstrations, and enrichment activities. Members can deepen their understanding of topics such as mechanics, energy, electricity, waves, and modern physics. This club is a good fit for students who enjoy science, math, engineering, or hands-on learning.

Physics Club 2

Category

STEM

Warrior Time Meeting Day

Thursday

Room

E112

Club Description

Physics Club gives students opportunities to explore core physics concepts through discussion, problem-solving, demonstrations, and enrichment activities. Members can deepen their understanding of topics such as mechanics, energy, electricity, waves, and modern physics. This club is a good fit for students who enjoy science, math, engineering, or hands-on learning.

Pre-Med Club

Category

STEM

Warrior Time Meeting Day

Thursday

Room

E128

Club Description

Pre-Med Club helps students explore medicine, healthcare, and pathways toward medical careers. Members may discuss health science topics, hear from speakers, learn about preparation for medical fields, and build community with students who share similar interests. This club is a good fit for students interested in biology, medicine, research, or patient care.

Software Development

Category

STEM

Warrior Time Meeting Day

Monday

Room

G126 - Comp Sci Lab

Club Description

Software Development Club gives students a place to learn, practice, and collaborate on coding projects. Members may explore programming concepts, build applications, solve technical problems, and grow their software skills through hands-on work. This club is a good fit for students interested in computer science, app development, or technology.

Student Association of 3D Printing

Category

STEM

Warrior Time Meeting Day

Monday

Room

G110

Club Description

Student Association of 3D Printing gives students a place to explore design, modeling, prototyping, and 3D fabrication. Members may learn how to move from idea to digital model to printed object while developing technical and creative problem-solving skills. This club is a good fit for students interested in design, engineering, architecture, or making.

USA Biology Olympiad & USA Medical and Disease Olympiad

Category

STEM

Warrior Time Meeting Day

Thursday

Room

E127

Club Description

This club supports students preparing for biology, medical science, and disease-focused academic competitions. Members may review advanced science content, practice competition-style questions, and deepen their understanding of life science and medicine. This club is a good fit for students interested in biology, health science, research, or competitive academics.

Young Researchers

Category

STEM

Warrior Time Meeting Day

Thursday

Room

C309

Club Description

Young Researchers gives students a place to explore research, inquiry, and academic investigation. Members may learn how to ask strong questions, evaluate sources, discuss research methods, and share findings with peers. This club is a good fit for students who are curious, self-motivated, and interested in deeper academic exploration.

Science Tutoring: Biology

Category

Academic Support

Warrior Time Meeting Day

Monday

Room

E104

Club Description

Science Tutoring: Biology provides structured academic support for students who want help with biology concepts, assignments, review, or test preparation. Students can ask questions, practice difficult material, and strengthen their understanding in a focused setting. This offering is a good fit for students who want extra support or accountability in biology.

SAT/ACT Prep Practice

Category

Academic Support

Warrior Time Meeting Day

Mon & Thurs

Room

E106

Club Description

SAT/ACT Prep Practice gives students dedicated time to prepare for college entrance exams through practice questions, review, and focused study. Students can strengthen test-taking strategies, work through challenging sections, and build confidence over time. This offering is a good fit for students who want structured preparation and accountability.

R.E.A.C.H. Support

Category

Academic Support

Warrior Time Meeting Day

Mon & Thurs

Room

E424

Club Description

R.E.A.C.H. Support provides a focused space for students connected to the R.E.A.C.H. program to receive support, complete work, check in, and stay organized. This offering is designed to help students use Warrior Time productively and maintain academic momentum with appropriate structure and guidance.

Science Tutoring: Chemistry

Category

Academic Support

Warrior Time Meeting Day

Thursday

Room

E105

Club Description

Science Tutoring: Chemistry provides academic support for students who want help with chemistry concepts, assignments, review, or test preparation. Students can ask questions, practice problems, and strengthen their understanding in a focused setting. This offering is a good fit for students who want extra support or accountability in chemistry.
